

# THE HOWLER

APRIL EDITION, 2013

There's still  
work to  
be done

## Help Wanted: Help Needed April 27 \* 28 \*

Work party weekend is April 27 & 28. Work begins at 9:00 a.m. to spiffy up our range. This is our last chance to get everything just right. Please come for a few hours. There will be light and heavy work, so everyone is needed. Bring a lunch, gloves and a happy face.

## Sheriff's Log

The SASS California State Championship, Shootout At 5 Dogs Creek annual match is May 2 to 5. It's not too late to sign up for 12 main match stages and lots of side matches.

The April 6 and 7th match was put on by Chama Bill and Mudhen Millie. Thanks Chama and Millie for a fun and . . . challenging match.

Work parties held on both days of the April matches got the range ready for the upcoming State championships. Thanks to everyone who raked, weeded and set steel these two days.

Lots of club members are attending The Shootout at Fort Miller April 18 to 21. Staged at the Fresno rifle and Pistol Club at Clovis California by our sister club, Kings River Regulators.

Open months that still need match sponsors are: July, August. There are still chances to get in on this fun activity. Ask me to sign you up at the next monthly match or

# Incredible Weekend at 5 Dogs

By noon on Friday the range was humming with people weeding, hammering, weeding, sawing, weeding and still more weeding.

In the late afternoon **Foxi Schoolmarm** made Stone Soup and was it ever delicious. **Bo Bean** surprised the group with dessert; homemade bread pudding and ice cream. YUM. Thanks to everyone who showed up early to work. Author especially wants to note the presence of **Chama Bill** who was doing early penance for what was to happen on Saturday.

One worker, one supervisor. What is this, the government?

**Buddy Love** gets ready to make peach cobbler.

**Foxi** is still cooking on Sat.

Two slackers!  
This is the govt.

## Two New Shooters Welcomed

On Saturday we introduced **Mr. No Alias Yet** (Left) and **Deadly Ames**. Both cowboys must have enjoyed it as they came back for more on Sunday.

# A “New” Addition

According to recent polls, **Utah Blaine** is the frontrunner for the mayor’s position in the upcoming election. He is seen above practicing for the job.

A well-used and somewhat abused wagon has found a new home on our range. Thanks to **Kizer Creek** who supplied the trailer to move the buckboard and to others for showing up to help. The wheels are in rough shape (broken), the seat needs a whole lot of love (ripped and leather missing), and the back spring was installed backward (back end leans more than a little). Other than that it’s perfect! For now it’s just eye candy so don’t be hitchin’ up any horses just yet. The seat has been reupholstered by **Wanderin’ Rose** and will be reinstalled by the annual.

## Made in the Shade

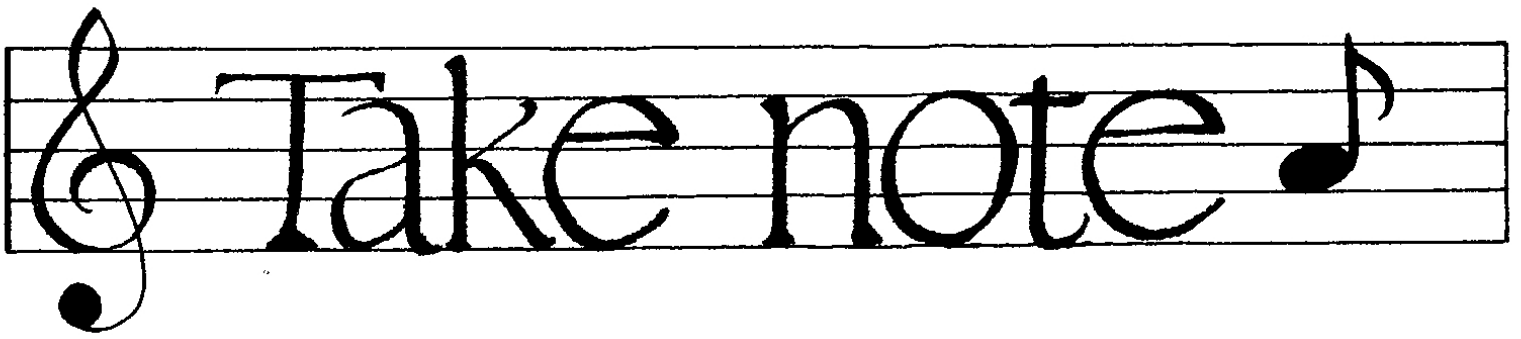

The two sagging shades have now been repaired.

Thanks and kudos to:  
**Quickdraw Grandpa,  
Dirt McFearson &  
Mad Dog Draper**  
Well done gentlemen!

## Town Council Elections

It’s time to elect a new town council for the 2013/14 year. Any member can run for any office at this time and you can nominate yourself or someone else. Please be sure you have the member’s permission if you are nominating a person other than yourself. The slate will be presented at the June monthly and elections held at that time.

**BUT WAIT . . . THERE’S MORE . . .**

**The range is now clean and targets are set for the annual. Please do not shoot anywhere on cowboy range except bay 4 (train).**

**As of noon on Friday, April 26th the cowboy range is closed to all shooters, period!**

**Thanks for your cooperation!**
