ATTENTION SHOOTERS!

Just a reminder to all shooters. July and August monthly matches will be casual dress, so dress for the heat. However, mandatory safe footwear (no sandals) is required. Protection for eyes and ears are always required.

Remember to take in lots of fluids. Electrolyte tablets to put in water bottles will be available as well to help prevent dehydration.

Rest when you can and if you feel that you are having problems, or see that a fellow shooter is having problems with the heat please bring it to some ones attention.

Sheriff's Log

Howdy All,

Our July match was put on by Kaweah Kid, we got to shoot some scenario's that were a little different than we are used to shooting. It was a great match and a good time was had by all. Thanks for the great job Kaweah.

Due to the heat that usually comes during the summer months and the lower attendance for the weekend we had one large posse both days, giving shooters time to cool off between shooting and working. It was nice to shoot with everyone for a change.

Our July match will be a casual dress weekend and put on by Sam Ootie. I've received the scenario's and Sam is keeping us in the trees and not a lot of movement both days. Due to Sam's good thinking it should be another good shoot.

Remember during the summer months especially, drink lots of water and get some rest between shooting and working. Hope to see lots of you there for our July match.

See you at the range

THE MAYOR'S CORNER.

Greetings y'all,

I want to say thank you again to the members that worked on the bays recently. D B Hawk, Sam Ootie, and Utah Blaine applied water sealer to various bay facades.

We had a hot time in the old town last month, literally. July and August will be casual wear, so shorts and short sleeved shirts are fine. All footwear must be closed, so no sandals. As always, protection for eyes and ears are also required. Water is available during the shoot so please drink lots of fluids and keep yourself hydrated.

As usual there will be a potluck on Saturday night.
