# Sheriff's Log

Howdy All,

Our March match was put on by High Cotton, we tried to shoot his match in February but it was rained out. Well in March it rained Friday night and when we got to the range on Saturday, it was pretty wet and muddy. We ended up with about six people showing up, the rest were wise to stay home because we did call off the Saturday shoot off.

Come Sunday morning the range was still wet but we were able to come up with five bays to shoot. We had 17 people show up to shoot and for a change they got to. I won't even get into the craziness with the cow bell that's just something you will have to come see for yourself. We were Visited by Bo Bean and Bad Mann Bob it was great to see them both. Bob went on one of the bays and did some handgun practice he looks to be as fast as he ever was.

The April match is being written by Fordyce Beals and looks to be a fun match, looks like we've been getting some better weather for the past couple of weeks. Let's keep our fingers crossed so we can get in two days of shooting at our April match.

See you all at the range

Greetings and salutations.

The weather forecast is looking great for the April match. Hope to see everyone out for some great shooting fun, friendship and maybe some bell ringing. Cowbell that is, and everyone is welcome to play along or just watch the fun as it happens. As usual, there will be a potluck on Saturday evening, the food and company is always great for that.

As you all know, we have had a lot of much needed rain the past few months. However, that also means that there is a lot of grass and such growing up. I would like to invite and encourage anyone with a weed eater to bring it and after having some fun shooting helping knock down some of that growth.

Looking forward to seeing everyone shooting again.

See you there,

Panhandle Red, Mayor

In all kinds of  
weather. Shooters like to  
shoot.

Fellow citizens of 5 Dogs Creek,

I apologize for the bare bones version of the newsletter. In an attempt to fix a WiFi connection problem, my computer was wiped out back to the day it came out of the box. Thank fully, a very nice service repairman walked me through some steps and was able to find my photos. However, I have had to start loading all my programs and such back on and did not have time to...pretty up the newsletter...if I was going to actually get it posted. Thank you for bearing with me.

Also, with elections coming up in a few months, if there is anyone that would enjoy taking over the news editor position, please let me know.

Thank you,

Calico Blue
