## **The Howler at 5 Dogs**

### **MAYOR'S BLOG**

Well if you missed the May match , we had a great time. The weather was perfect and a big shout out to Miss Barah Lee Misditt for second place overall Saturday. Wanderin Rose brought strawberry shortcake for us after the match on Saturday , what a treat!

Red is going to bring his smoker, and I'm making peach cobblers on Saturday night for those who want to join us.

Hope to see you all at the range on June 5th and 6th . The June match is put on by Rose and Trapper, and has some real fast stages. Looks like a lot of fun.

We will have a board meeting right after the scores are read on Saturday . This is open to anyone who would like to stick around.

Buddy

# Sheriff's Log

Our May match was put on by our Mayor Buddy Love and Sister Sangria. It was a really good match they used the Texas star for handguns and tossed in two bonuses just to make things interesting. Thanks for a fun match Buddy and Sister.

Your June match is being put on by Mad Trapper of Rat River and Wondering Rose. Thank you, folks, for stepping up to do this. The match looks like fun.

Elections are coming up really fast, all positions are always open for elections and some of the town council may want to run for another term. The positions that I know that people want to step down from are Store Keeper, Banker, and Sheriff.

Drive safe and I hope to see a lot of you at the range.

Mad Dog Draper

SHOOTERS METTING APPROX. 8:45**

Thank you Utah for  
your work cleaning  
5 Dogs Creek Range

## MODIFICATION APPLICATIONS APPROVED 2020

18 FEB 2020

Replacement of original metal **magazine tube** with one made of carbon fiber.

**PURPOSE:** If the magazine tube receives a blow from the outside, it cannot dent.

Note: the color of the tube presented was in line with the over all color of the firearm. Approval applies to the item pictured. It does not apply to tubes in any other COLORS.

17 SEP 2020

Replacement of 1873 **loading gate** with an 1866 type. **PURPOSE:** Rounds are easier to load into the magazine *"and specially ladies don't break their fingernails anymore."*

11 NOV 2020

Installation of an **internally adjustable set screw** on the carrier arm of 1873 lever. **PURPOSE:** Easier to adjust the timing of broke-in, worn, changed parts, etc. than spot-welding metal to the surface where material is needed (which is current practice). Negates the need for welding equipment to make necessary adjustments.

Teritorial Governer Utah Blaine shows new ways to dress up our 66 and 73 rifles

09 DEC 2020

Replacement of slotted **magazine tube end cap** on the 1866 & 1873 rifles with a knurled "tool-less" version. **PURPOSE:** Easy to remove at unloading table in case rounds must be removed from tube; no tools needed; and the shooter avoids hand being in front of the muzzle in case a live round is still in the chamber.
