

5 DOGS CREEK
HOWLER

February Edition 2008

Howdy folks,

For those of you who showed up for this months match, I salute you. Saturdays match had perfect weather, with plenty of sunshine and cool weather. Sundays match was called because of rain which also caused some campers some problems leaving the range.

This month's match was written by Peso Bill who did a fine job on the stages. The posse leaders were Bones Brannon, Mescalero, and Mad Dog Draper. Hats off to Mescalero for stepping up to the plate and helping to see that everyone had a great time and the job got done.

Many thanks also go to all the great folks who jumped in and helped spruce up the range after the match. A lot of effort was put forth and it really shows. The range is looking great.

"I would like to thank every one for all the hard work that was done after the February Saturday shoot. I thought when I took this job it might be hard to get people motivated to help, but it looking like the only problem I have is getting you all to stop. When I thought we were done you guys and gals came up with more things that you thought needed to be done and did it. The range looks great and you all can be proud of yourselves. The members before us, through their hard work have left us a great place to shoot. I think the future is looking bright for the new shooters that will come after us.

There will probably be a list of things that need to be done before the May state shoot, a lot of it will be done the week before, but for right now we need to reset the train, the wind blew it down. Quick Draw Grandpa has most of this under control. If you have time after the March Saturday shoot and can bring a hammer and screwdrivers and pliers, I would like to beat down some of the nails that have backed out and pull some of the staples from the buildings. I want everyone to know its understandable when you have something you need to do and can't help, and I don't want anyone working when they are hurt. Trust me, there will be other days I'll try to talk you into something."

Thank You All, For the Hard Work -- Mad Dog Draper

Also a great big **Thank You** to Mad Trapper of Rat River for donating the components and to Mescalero and Calgary Kate for building our new tables that you will find next month through out our bays. It took a lot of hard work and effort. They are greatly appreciated! Yip eee! No more hay bales!

Quick Draw Grandpa is putting on the March match and says that there will be the 10 stages with a few pop ups and maybe some extra bonus rounds so be prepared with some extra ammo. The targets should be a little closer and the scenarios simple and a lot of fun.

Aprils match will be put on by Bo Bean. So bring extra ammo and expect some quick and fast stages. There will be 6 stages Saturday and 6 stages Sunday, with 60 rifle rounds and 60 pistol rounds along with 26 plus shotgun rounds for each day. Be prepared for a fun weekend.

We have a fairly new shooter who joined us Saturday for his third shoot and he did a fine job. From the big smile on face, he had a great time.

Welcome around our camp fire Utah Blaine
